Frank,

Sorry it has taken so long to get back to you. Our Aquamed dry hydrotherapy table has been fabulous.

Referral have been unbelievable. We received the table and used it Monday morning with patients and with in the first hour of use, one of our patients was on her cell phone encouraging her sister to "get over here to try this thing out." A patient who was medically disable with Fibromyalgia is well on her way back to work.

Thank you for the excellent service and product.

W. Steven Aungst D.C.
